

WINTER SNOW REMOVAL 2020-2021

CITY PLOWING

In the event of a snowfall of 4" or more, please be aware that emergency routes will always be plowed first, followed by the streets and avenues, with alleys being cleared last. In order to clear the streets for travel the City of Ashland Public Works crew uses side plow wings which deposit snow along the curb or in the grass boulevard on the city right of way. This ends up leaving snow in driveway entrances for residents to clear themselves.

PARKING NOVEMBER 1st to APRIL 1st
